

Mayank Singh

Aspiring Data Scientist | Python Developer | Machine Learning AI Enthusiast

SUMMARY

Enthusiastic and self-motivated engineering student with a strong interest in data science, data analytics, machine learning, and Python development. Passionate about using data in meaningful ways to extract insights, build intelligent solutions, and solve real-world problems. Dedicated to continuous learning, teamwork, and personal growth with a balanced approach to life and study.

EXPERIENCE

FLIPROBO PVT. LTD | SOFTWARE DEVELOPER INTERN

Aug 2023 – Oct 2024 | Noida, India

- Developed and Implemented a complete, responsive front-end for a company-internal or client-facing application using React.js and Next.js, significantly improving user experience and application load times.
- Engineered UI components and styled complex layouts utilizing HTML5, Cascading Style Sheets (CSS), and the Bootstrap framework, ensuring cross-browser compatibility and adherence to modern web standards.
- Collaborated with a team to deploy and maintain application features, leveraging Git + GitHub for version control, code review, and continuous integration/deployment workflows.

SMART INDIA HACKATHON | FULL-STACK AI/ML TECH LEAD

Aug 2025 – sep 2025 | AKGEC, Ghaziabad

- Led a 6-person team as the Tech Lead to design and build the innovative CA.ai application.
- Engineered the entire Backend independently to support the application's complex logic and data flow.
- Developed and integrated core AI/ML functionalities for specialized financial or regulatory advice.
- Assisted in Front-end development and UI/UX design by leveraging AI tools for rapid prototyping and modern interface creation.
- Managed version control and team contributions using Git/GitHub to ensure successful project delivery under hackathon constraints.

PROJECTS

STUDENT RESULT ANALYSIS PROJECT | CAPSTONE PROJECT FOR DATA ANALYTICS & PREDICTIVE FACTORS

- Analysed Student Performance: Processed 30,000+ records to assess how demographic and socio-economic factors affect student scores.
- Key Finding: Established a strong positive link between Parent Education and student scores, while Parent Marital Status showed minimal correlation.
- Tech Skills: Executed data cleaning, transformation, and visualisation using Pandas, NumPy, Matplotlib, and Seaborn.
- Data Preparation: Identified outliers and analysed ethnic group distribution to build a refined dataset for predictive modelling.

EDUCATION

DR. A. P. J. ABDUL KALAM TECHNICAL UNIVERSITY

BACHELOR OF TECHNOLOGY IN ELECTRONICS AND COMMUNICATION ENGINEERING

Expected Aug 2027

Dean's List (All Semesters)

Cum. GPA: 7.0/10

SKILLS

Programming

Python, SQL, R, Pandas, NumPy, Matplotlib, Seaborn, EDA

Machine Learning

Scikit-learn, Regression

Deep Learning

PyTorch, TensorFlow, Keras

Tools

Jupyter Notebook, VS Code, Git & GitHub (version control)

COURSEWORK

PROFESSIONAL CERTIFICATIONS

- Data Science Specialisation Professional Certificate (IBM)
- Applied Data Science with Python Specialisation (University of Michigan)
- Prompt Design in Vertex AI Skill Badge (Google)

SOFT SKILLS

Communication & Collaboration
Strong Presentation Skills, Technical Storytelling

Analytical & Problem-Solving
Critical Thinking, Logical Reasoning, Attention to Detail

Work Ethic & Adaptability
Time Management, Intellectual Curiosity, Resourcefulness
